FINDING AND LINKING TO STREAMING VIDEO

1. From our site at http://library.jfku.edu locate the Choose a Subject drop down menu and select Psychology.

2. On the resulting page, click the link for 'Counseling and Therapy in Video Database'
3. On the resulting screen, you can search for videos or browse by types, themes, therapists, etc. Let’s say we want to use the “Counting Method” video featured at the bottom of the screen. Click the title to open it up.

4. On the resulting page click the ‘Embed/Link’ button to generate a permanent link you can place in your online course.

For further information or assistance, please contact the library at 925-969-3112 or reference@jfku.edu
